THEIR SEASON OPENED

The East Liverpool Ball Club Defeats Homestead

IN A WELL PLAYED GAME

The Team the Strongest That the City Has Had Since the Famous Eclipse Club. Hard Hitting a Feature—How the Game Was Played.

The East Liverpool ball club opened their season Saturday at the West End park, and although the crowd was not at all large, the boys played the best game of ball that has been seen in the city since the days of the old Eclipse team. They had for their opponents the strong Homestead team. The game opened with the Liverpool boys at the bat.

First inning—Carey struck out, as did Twaddle; Albright made a two base hit, but McNutt went up and struck out. For the Homesteads, Rowe hit one down to Carey, who fielded it nicely, and threw him out at first; Myers got a hit, and Walton knocked a skyscraper to McNutt, who folded it in handsomely. Woods knocked one down to Carey and went the way of the first man to bat. No runs on either side.

Second inning—McShane went to the bat with blood in his eye, and made a hit, he was followed by Reark, who knocked the ball to the fence for three bases, scoring McShane; Kennedy then knocked a two bagger and scored Reark and managed to reach third himself. Heckathorn knocked a little one in front of the plate and was thrown out by the catcher to first. The next man up, Finch, struck out, but the catcher dropped the ball and threw him out at first, allowing Kennedy to score on the play. Carey made a two-base hit, but Twaddle was put out on a hit from second to first. Three runs and the crowd jubilant. Homestead were retired in short order this inning without any runs.

Third inning—Albright made another two-base hit, but was left on base, as the next three men up went out in one-two-three order. Homestead came in to bat, and Liverpool had a "yellow" inning. Rowe received a base on balls, Myers made another hit, Walton made a three-bagger, scoring Rowe and Myers; Woods knocked a long one to Twaddle, which he missed, and Walton scored. Rowe then got a base on balls and Hill knocked a hot one to McShane, but that gentleman missed it completely and two more runs scored. Hill going around to third base, but died there, as the next man up was thrown out. Kennedy to Heckathorn. Reark caught a fly in right field and McShane hauled down a fly at short. Score, 5 to 3 in favor of Homestead.

Fourth inning—Kennedy opened by making a two-base hit. Heckathorn got a base on balls, and Finch knocked one to the left fielder, who missed it and two runs scored and Finch was safe on third. Joe Carey then struck out, and Twaddle made a hit, scoring Finch. Albright was next up and he knocked a liner too hot for the third baseman to handle and Twaddle came home, Albright going to second, and in short time stealing third. McNutt was hit by the pitcher and McShane made a hit, scoring Albright. McNutt tried to score on the play, but was thrown out from left field to home. Reark was retired from second to first. Score, eight to six in favor of Liverpool. Lynch here went into the box, and Albright went to right field, Reark retiring. Homestead started out as though they would find Lynch easy, as Myers made a hit and Walton knocked one to McShane which he missed, and Myers scored. The next two men were struck out, and Lynch put the next man out unassisted on a slow grounder. Result, one run.

Fifth—Kennedy made a hit, but the next three men went out on fly balls. McShane here decided to take a rest, and Albright went to second, Kennedy to short and Reark took his old position in right field. The first man up for Homestead went out on a fly to Twaddle, and the next man struck out. Hutchinson got a hit and Rowe knocked one to Kennedy, but he got lost hunting for the school satchel which the management of the grounds provided for bags, and as a result Hutchinson was safe on second, and Rowe on first. The next man up went out on a fly to McNutt.

Sixth—Twaddle made a hit and Albright knocked a three bagger to the fence, scoring Twaddle, and coming in a minute later on a wild throw by the catcher. McNutt was retired in short order, as was Reark, and then Lynch came to the bat and made a hit. Ken-

edy then knocked one to the middle fielder, which he dropped, and Lynch scored, Kennedy going to second. Heckathorn made a hit to left field, and Kennedy tried to score and was thrown out at the plate. In Homestead's half they scored a run on a hit, a base on balls and an error each by Kennedy and Carey, and a passed ball by Finch.

Seventh—The home team was retired in one, two, three order, and Homestead also met with a goose egg.

Eighth—The home team scored a run on hits by Albright and Reark, and Homestead met with another goose egg.

Ninth—The home team went out in regular order again, but Homestead wanted a few runs. The first man up went out from Albright to Heckathorn. Crow got a hit and so did Rowe, Crow scoring. Finch then made a nice foul fly catch and Walton knocked one to Lynch who let it go through him. The ball also rolled through Kennedy and Albright, and Rowe scored. Woods then knocked one between left field and third base and both Carey and Twaddle went after it. The ball struck Carey's hands and bounded into Twaddle's, who held it, and the game was over. Following is the score:

SUMMARY.

Three-base hits—Albright, Reark, Walton. Two-base hits—Kennedy (2), Albright (2), Carey. Struck out—By Lynch, 3; by Hutchinson, 5. Bases on balls—By Albright, 2; by Lynch, 2; by Hutchinson, 2. Umpire—Chas Stewart.

NOTES.

The team is undoubtedly the best that has been put together since the days of the old Eclipse, and the city bids fair to have a ball team this year that will be able to defeat any amateur team in this section of the country.

The boys are well pleased with their start, and will practice Tuesday and Friday nights regularly.

A pleasing feature of the game was the number of ladies present.

The number of dead heads was quite large, but hereafter they will be kept off the fence, as the management have obtained permission from the glass house to keep them out of their premises.

The grounds were in an awful condition, which accounts for a great many of the errors that were made, both the outfield and infield needing a good rolling. It is also to be hoped that someone will furnish bags for the next game.

The game next Saturday should draw a large crowd, as the boys will put up an article of ball that will credit to any city.

Lynch pitched an elegant game, and the catching of Finch was quite a feature. Albright took the palm as a hard hitter, and McNutt put up a good game in middle, as did Reark in right field. Heckathorn makes a good first baseman, and Carey, Twaddle and Kennedy played their usual good games. McShane was a little off, but did good work with the stick.

Councilman Stewart makes a fine umpire, and there was not a kick during the entire game.

The fine work of Rowe and Woods were features of the game.

The home team will secure another good pitcher to alternate with Lynch, as Albright don't want to pitch, and he is a valuable man on the team in some other position.

THE HOMING CLUB

Had Another Fly Yesterday and Good Time Was Made.

The East Liverpool Homing club entered their pigeons in a second race yesterday. The birds were liberated at Wooster, 155 miles distant, at 10 o'clock, and the winners arrived at 11:45, making the fly in 1 hour and 45 minutes. The pigeons of Sherwood and McKinney came in first and were a tie, while those of Meredith and Smith came in a few minutes later. Arrangements for the next race has not yet been made, but it is said that it will be of a much greater distance.

WILL SOON BE OPENED

The Library Committee Met Saturday Night.

TO CANVASS THE BUSINESS MEN

The Room Committee Reported That a Room Had Been Secured on Market Street and a Committee Instructed to Purchase Furniture and Carpets.

The movement on the part of the members of Trades council to establish a public library has assumed reassuring proportions, and the time is near at hand that the worthy object, advocated and so industriously worked for by the enthusiasts of that body, with a hearty acquiescence by the public in general, will be a realization in fact, the consummation of which requires no little time and labor.

The library will be inaugurated in a room in the W. L. Thompson building on Market street, which was rented Saturday by the sub-committee, and will start in humble circumstances, branching out and enlarging as the support and popularity it receives increases, until it will prove a criterion for other cities to follow in our enterprise and noble efforts. The history of all great movements, as one of the reverend gentlemen present at a recent meeting of the committee said, shows that their inception has invariably been brought about largely through the efforts and agitation of the workingmen, and it is hoped that this noble beginning will prove no exception to the rule, and their timely action, though on a small scale, will prove a grand success and reach their highest expectations. No large debts and unnecessary expenses will be contracted by the committee, and the proposed library will be run according to its means.

The general committee met Saturday night in Trades council hall, with a good attendance of the members present. Among the most important business transacted was that pertaining to the best and easiest mode of canvassing the business men of the city for donations. A list of all the business houses was prepared, and the solicitors will be assigned different streets, thus doing away with the bore of half a dozen men calling on one man for the same purpose. The solicitors will be appointed at the next meeting of the committee, which will be held after the session of Trades council on Wednesday night.

The sub-committee appointed to purchase furniture, carpets and other necessary articles for the comfort and convenience of the patrons of the library, made a report of their investigations, and the committee instructed them to purchase the needed supplies and have them placed in the room as soon as possible. The committee adjourned at a late hour.

The committee to wait on the manufacturers and business men is composed of Messrs. Mumford, McCuen, Danberg, Brannen, Hughes and Eardley.

SEVENTH ANNIVERSARY

Observed by the Epworth League Yesterday.

The Epworth League of the First M. E. church observed their seventh anniversary in a fitting manner yesterday. In the morning at 6:30 a sunrise prayer meeting was held, and had a good attendance. In the evening the street meeting was dispensed with, and the league met at 6:45 in the lecture room of the church. The reports of the officers were heard for the past year, the report of the secretary showing that the league had increased to the number of 30 members during the year, and now has 415 members. The report of the treasurer showed a good balance. The league then adjourned to the auditorium of the church, where the first thing on the program was the graduation of 14 members from the Junior league to the Senior league. Next came the installation of officers, and Reverend James Walls, of Dennison, made a pleasing address, touching upon the league work and showing its benefit to the church. The music was furnished by the league choir and orchestra, and was unusually fine.

KARAGIOZIAN.

The Armenian Addressed a Fine Audience Last Night.

The Methodist Protestant church was filled last night by an attentive, deeply interested audience, as Rev. John Karagiozian addressed them, relating incidents connected with far-off Armenia and Turkey, showing how blessed the inhabitants of the United States are in comparison, in the way of privileges, and further showing

how firm the Armenians are in their adherence to Christ as their leader, suffering persecution and death rather than deny the Savior. Reverend Karagiozian's present aim is to raise sufficient money to bring his wife and children to this country. He has the very best of recommendations from ministers and from parties connected with an educational establishment in Kentucky, where he has been completing his studies, fitting him for missionary work. He is an indefatigable Bible student, and can recite, from memory, the entire New Testament, from the first of Matthew to Revelations. On any question relative to Christianity he will not give an answer as coming from himself, but will at once quote Scripture as an answer, claiming that God, in His book of books, answers, in the fullest sense, all such questions. He goes from here to Fayette City, Pa., where he has many friends, having visited that point on a former occasion, during his first visit to this country.

THE CYCLERS

Take Advantage of the Beautiful Weather of Yesterday.

Yesterday was a good day for cycling, barring the dust which blew up in clouds, and many cyclers took advantage of the invigorating breeze, and turned out for a long spin. Beaver had perhaps the largest delegation from this city, while Toronto and Steubenville came in good seconds.

Only two cyclers went from this city to Lisbon, and they report excellent roads and a good ride. While there they called on Sheriff Gill, who showed them over the dilapidated old jail. Charley has the place as neat as a pin, and a decided improvement over the old condition. The Liverpool delegation is still there, and the sheriff says the Starkey and Lowery boys are the worst he has ever had to contend with. The boys would tear up everything they could get their hands upon and were generally incorrigible. As a remedy, Turnkey Bick was ordered to resort to corporal punishment and the boys were turned over that gentleman's knee and given a spanking that they will remember for many days. They were then told they would be placed in the dungeon, in addition to being spanked if they did not cease their mischievousness. This had the desired effect and they are now as pacific as lambs.

The cyclers made many acquaintances and highly praise the hospitality of the residents of that pretty little village.

A WEDDING.

Carl Muench and Minnie M. Croxall to be Married on Wednesday.

Carl Muench and Minnie M. Croxall, whose marriage license was noted in these columns several days ago, will be wedded at the home of the bride on Washington street, at 3 o'clock Wednesday afternoon. Rev. J. M. Huston, of the First Methodist Episcopal church, of which the bride is a member, will solemnize the compact in the presence of the immediate friends of the family. Miss Croxall is well and favorably known throughout the city, and has a large circle of friends. Mr. Muench is a prominent young business man of Terra Haute, Ind., and was formerly a clerk in a local pharmacy. He resigned his position and purchased a drug store in the Indiana city and has been very successful. After the ceremony the couple will leave for Terra Haute, where Mr. Muench has handsomely furnished a home for his bride.

TERRIBLY LACERATED.

Lumber Falls on a Lad and Injures Him Badly.

Willie Myler, an eight-year-old lad residing on Calcutta road, met with a painful accident yesterday afternoon. He, in company with a number of other lads about the same age, were playing in the lumber yard close to his home, when a pile of lumber that young Myler was standing on gave way and tumbled him beneath the falling timbers. The lad screamed lustily with pain and neighbors, hearing the cries, hurried to the scene and extricated him. The boy's leg was terribly lacerated, the flesh being torn away from the knee, leaving a wound six inches in length. The ligaments, muscles and arteries of the limb were lying bare. Dr. W. J. Taylor was called and put 14 stitches in the wound. The lad is a son of James Myler, a dish maker, at present employed at the Kittanning pottery.

Removed a Growth.

Mrs. Lucy McKinnon, of East Market street, has had a cancerous growth successfully removed from her nose.

A SERIOUS ACCIDENT

Occurred at the Smith Farm This Morning.

W. S. SMITH'S SKULL FRACTURED

While Shooting at an Owl the Breech Pin Flew Out of His Gun and Shattered the Stock and Struck Him in the Forehead. May Result Fatally.

What may prove to be a fatal accident occurred this morning at the old Smith homestead, a short distance beyond Riverview cemetery.

For several nights past Mr. Will S. Smith has been bothered by an owl which has been disturbing his chickens, and as the owl was in the habit of lodging on a fence back of the woodshed, he determined to get rid of it. This morning at 4 o'clock he arose, and taking his gun, went out to kill the owl.

He got a good range and fired, crippling the owl, but at the same time the breech pin flew out and splintered the stock of the gun, and struck Mr. Smith in the middle of the forehead, fracturing his skull and breaking the skin for a space about the size of a silver dollar and making a cut three-fourths of an inch by one-half inch. After the accident occurred, Mr. Smith picked the crippled owl up and went into the house. His hired help then came to the city and got Doctor Hobbs, while his little boy went for his brother, J. T. Smith. When Doctor Hobbs arrived he dressed the injured man's wounds, and upon his return telephoned for Doctor McCann, of Pittsburgh, but was unable to reach him. Doctors Hobbs and Toot made a careful examination of the wounds at a later hour this morning and found that Mr. Smith's skull was fractured, which, though serious, will not necessarily prove fatal.

The gun which caused the trouble was formerly an old rifle, but had been bored out for a shotgun. The breech pin was screwed in, and it is thought that the threads must have become worn, so that when the gun was discharged it flew back, with the above result.

A BRAWL

On Second Street Sunday Gives Rise to Gossip.

Second street was the scene of a brawl in which a married woman and a girl participated. Volumes of uncomplimentary epithets were exchanged, and for a time it looked as though there would be a lively hair pulling match. The participants finally became aware that there was an officer in the vicinity and concluded to hold their peace until a more opportune moment. The quarrel was the result of a conversation between the fair participant and a companion, in which the married woman claimed she was the central figure. This was denied by the girls, who claimed they had been interested on an entirely different subject.

OVER THE BANK.

Team Frightened by a Street Car, Tumbles Over the Hill.

A teamster from Wellsville, whose name was not learned, had an accident on the Wellsville road near the watering trough Saturday afternoon. The team became frightened at a street car that was passing and commenced to rear and prance about in an excited way on the road, finally plunging over the bank. The horses and wagon rolled over and over, but the driver jumped in time to save himself. Procuring assistance, with difficulty they succeeded in extricating the frightened animals from their uncomfortable position. The horses were bruised and cut up considerably, but not seriously hurt. The wagon was only slightly damaged, but the harness was torn into shreds.

AN INVITATION

Received by Captain Hill to Participate in the Parade at Akron.

Captain Will Hill received a telegram from Adjutant A. W. Mayner this morning, asking if Company E could participate in the parade at Akron on Memorial day. Nearly all the companies of the Eighth regiment have signified their willingness to attend, and all expenses accruing from the trip will be paid by those having the celebration in charge. The captain has not yet decided as to whether he will take the company, but will submit the matter to the boys tonight.

Had Another Fly Yesterday and Good Time Was Made.

The East Liverpool Homing club entered their pigeons in a second race yesterday. The birds were liberated at Wooster, 155 miles distant, at 10 o'clock, and the winners arrived at 11:45, making the fly in 1 hour and 45 minutes. The pigeons of Sherwood and McKinney came in first and were a tie, while those of Meredith and Smith came in a few minutes later. Arrangements for the next race has not yet been made, but it is said that it will be of a much greater distance.

WILL SOON BE OPENED

The Library Committee Met Saturday Night.

TO CANVASS THE BUSINESS MEN

The Room Committee Reported That a Room Had Been Secured on Market Street and a Committee Instructed to Purchase Furniture and Carpets.

The movement on the part of the members of Trades council to establish a public library has assumed reassuring proportions, and the time is near at hand that the worthy object, advocated and so industriously worked for by the enthusiasts of that body, with a hearty acquiescence by the public in general, will be a realization in fact, the consummation of which requires no little time and labor.

The library will be inaugurated in a room in the W. L. Thompson building on Market street, which was rented Saturday by the sub-committee, and will start in humble circumstances, branching out and enlarging as the support and popularity it receives increases, until it will prove a criterion for other cities to follow in our enterprise and noble efforts. The history of all great movements, as one of the reverend gentlemen present at a recent meeting of the committee said, shows that their inception has invariably been brought about largely through the efforts and agitation of the workmen, and it is hoped that this noble beginning will prove no exception to the rule, and their timely action, though on a small scale, will prove a grand success and reach their highest expectations. No large debts and unnecessary expenses will be contracted by the committee, and the proposed library will be run according to its means.

The general committee met Saturday night in Trades council hall, with a good attendance of the members present. Among the most important business transacted was that pertaining to the best and easiest mode of canvassing the business men of the city for donations. A list of all the business houses was prepared, and the solicitors will be assigned different streets, thus doing away with the bore of half a dozen men calling on one man for the same purpose. The solicitors will be appointed at the next meeting of the committee, which will be held after the session of Trades council on Wednesday night.

The sub-committee appointed to purchase furniture, carpets and other necessary articles for the comfort and convenience of the patrons of the library, made a report of their investigations, and the committee instructed them to purchase the needed supplies and have them placed in the room as soon as possible. The committee adjourned at a late hour.

The committee to wait on the manufacturers and business men is composed of Messrs. Mumford, McCuen, Danberg, Brannen, Hughes and Eardley.

SEVENTH ANNIVERSARY

Observed by the Epworth League Yesterday.

The Epworth League of the First M. E. church observed their seventh anniversary in a fitting manner yesterday. In the morning at 6:30 a sunrise prayer meeting was held, and had a good attendance. In the evening the street meeting was dispensed with, and the league met at 6:45 in the lecture room of the church. The reports of the officers were heard for the past year, the report of the secretary showing that the league had increased to the number of 30 members during the year, and now has 415 members. The report of the treasurer showed a good balance. The league then adjourned to the auditorium of the church, where the first thing on the program was the graduation of 14 members from the Junior league to the Senior league. Next came the installation of officers, and Reverend James Walls, of Dennison, made a pleasing address, touching upon the league work and showing its benefit to the church. The music was furnished by the league choir and orchestra, and was unusually fine.

KARAGIOZIAN.

The Armenian Addressed a Fine Audience Last Night.

The Methodist Protestant church was filled last night by an attentive, deeply interested audience, as Rev. John Karagiozian addressed them, relating incidents connected with far-off Armenia and Turkey, showing how blessed the inhabitants of the United States are in comparison, in the way of privileges, and further showing

how firm the Armenians are in their adherence to Christ as their leader, suffering persecution and death rather than deny the Savior. Reverend Karagiozian's present aim is to raise sufficient money to bring his wife and children to this country. He has the very best of recommendations from ministers and from parties connected with an educational establishment in Kentucky, where he has been completing his studies, fitting him for missionary work. He is an indefatigable Bible student, and can recite, from memory, the entire New Testament, from the first of Matthew to Revelations. On any question relative to Christianity he will not give an answer as coming from himself, but will at once quote Scripture as an answer, claiming that God, in His book of books, answers, in the fullest sense, all such questions. He goes from here to Fayette City, Pa., where he has many friends, having visited that point on a former occasion, during his first visit to this country.

THE CYCLERS

Take Advantage of the Beautiful Weather of Yesterday.

Yesterday was a good day for cycling, barring the dust which blew up in clouds, and many cyclists took advantage of the invigorating breeze, and turned out for a long spin. Beaver had perhaps the largest delegation from this city, while Toronto and Steubenville came in good seconds.

Only two cyclists went from this city to Lisbon, and they report excellent roads and a good ride. While there they called on Sheriff Gill, who showed them over the dilapidated old jail. Charley has the place as neat as a pin, and a decided improvement over the old condition. The Liverpool delegation is still there, and the sheriff says the Starkey and Lowery boys are the worst he has ever had to contend with. The boys would tear up everything they could get their hands upon and were generally incorrigible. As a remedy, Turnkey Bick was ordered to resort to corporal punishment and the boys were turned over that gentleman's knee and given a spanking that they will remember for many days. They were then told they would be placed in the dungeon, in addition to being spanked if they did not cease their mischievousness. This had the desired effect and they are now as pacific as lambs.

The cyclers made many acquaintances and highly praise the hospitalities of the residents of that pretty little village.

A WEDDING.

Carl Muench and Minnie M. Croxall to be Married on Wednesday.

Carl Muench and Minnie M. Croxall, whose marriage license was noted in these columns several days ago, will be wedded at the home of the bride on Washington street, at 3 o'clock Wednesday afternoon. Rev. J. M. Huston, of the First Methodist Episcopal church, of which the bride is a member, will solemnize the compact in the presence of the immediate friends of the family. Miss Croxall is well and favorably known throughout the city, and has a large circle of friends. Mr. Muench is a prominent young business man of Terra Haute, Ind., and was formerly a clerk in a local pharmacy. He resigned his position and purchased a drug store in the Indiana city and has been very successful. After the ceremony the couple will leave for Terra Haute, where Mr. Muench has handsomely furnished a home for his bride.

TERRIBLY LACERATED.

Lumber Falls on a Lad and Injures Him Badly.

Willie Myler, an eight-year-old lad residing on Calcutta road, met with a painful accident yesterday afternoon. He, in company with a number of other lads about the same age, were playing in the lumber yard close to his home, when a pile of lumber that young Myler was standing on gave way and tumbled him beneath the falling timbers. The lad screamed lustily with pain and neighbors, hearing the cries, hurried to the scene and extricated him. The boy's leg was terribly lacerated, the flesh being torn away from the knee, leaving a wound six inches in length. The ligaments, muscles and arteries of the limb were lying bare. Dr. W. J. Taylor was called and put 14 stitches in the wound. The lad is a son of James Myler, a dish maker, at present employed at the Kittanning pottery.

Removed & Growth.

Mrs. Lucy McKinnon, of East Market street, has had a cancerous growth successfully removed from her nose.

A SERIOUS ACCIDENT

Occurred at the Smith Farm This Morning.

W. S. SMITH'S SKULL FRACTURED

While Shooting at an Owl the Breech Pin Flew Out of His Gun and Shattered the Stock and Struck Him in the Forehead. May Result Fatally.

What may prove to be a fatal accident occurred this morning at the old Smith homestead, a short distance beyond Riverview cemetery.

For several nights past Mr. Will S. Smith has been bothered by an owl which has been disturbing his chickens, and as the owl was in the habit of lodging on a fence back of the woodshed, he determined to get rid of it. This morning at 4 o'clock he arose, and taking his gun, went out to kill the owl.

He got a good range and fired, crippling the owl, but at the same time the breech pin flew out and splintered the stock of the gun, and struck Mr. Smith in the middle of the forehead, fracturing his skull and breaking the skin for a space about the size of a silver dollar and making a cut three-fourths of an inch by one-half inch. After the accident occurred, Mr. Smith picked the crippled owl up and went into the house. His hired help then came to the city and got Doctor Hobbs, while his little boy went for his brother, J. T. Smith. When Doctor Hobbs arrived he dressed the injured man's wounds, and upon his return telephoned for Doctor McCann, of Pittsburg, but was unable to reach him. Doctors Hobbs and Toot made a careful examination of the wounds at a later hour this morning and found that Mr. Smith's skull was fractured, which, though serious, will not necessarily prove fatal.

The gun which caused the trouble was formerly an old rifle, but had been bored out for a shotgun. The breech pin was screwed in, and it is thought that the threads must have become worn, so that when the gun was discharged it flew back, with the above result.

A BRAWL

On Second Street Sunday Gives Rise to Gossip.

Second street was the scene of a brawl in which a married woman and a girl participated. Volumes of complimentary epithets were exchanged, and for a time it looked as though there would be a lively hair pulling match. The participants finally became aware that there was an officer in the vicinity and concluded to hold their peace until a more opportune moment. The quarrel was the result of a conversation between the fair participant and a companion, in which the married woman claimed she was the central figure. This was denied by the girls, who claimed they had been interested on an entirely different subject.

OVER THE BANK.

Team Frightened by a Street Car, Tumbles Over the Hill.

A teamster from Wellsville, whose name was not learned, had an accident on the Wellsville road near the watering trough Saturday afternoon. The team became frightened at a street car that was passing and commenced to rear and prance about in an excited way on the road, finally plunging over the bank. The horses and wagon rolled over and over, but the driver jumped in time to save himself. Procuring assistance, with difficulty they succeeded in extricating the frightened animals from their uncomfortable position. The horses were bruised and cut up considerably, but not seriously hurt. The wagon was only slightly damaged, but the harness was torn into shreds.

AN INVITATION

Received by Captain Hill to Participate in the Parade at Akron.

Captain Will Hill received a telegram from Adjutant A. W. Mayner this morning, asking if Company E could participate in the parade at Akron on Memorial day. Nearly all the companies of the Eighth regiment have signified their willingness to attend, and all expenses accruing from the trip will be paid by those having the celebration in charge. The captain has not yet decided as to whether he will take the company, but will submit the matter to the boys tonight.

BUCKLEY.

Rev Dr. Buckley, the hot opponent of the woman delegates at the Cleveland general conference of the Methodist Episcopal church, was at one time an earnest and fighting advocate of the women. His given reason for turn-coating, or going back upon the fair sex, is that constant association with them, as their backer and advocate, convinced him that they were really the weaker sex, physically and mentally, and unfit to hold the reins of government. The women who know him best give a far different reason for his change of heart, life and action. They assert that he fell desperately in love with one of the brainiest and best known women in the United States, a woman who now occupies a prominent position in society, and who can hold her own in a debate with the smartest, keenest, best educated, most intelligent, talented and eloquent of the so-called lords of creation, and that she gave him the "mitten," in a calm, cool and tranquil manner, which cut the egotistic gentleman to the quick, and that he then and there resolved upon vengeance, and has since been the hot and bitter opponent of all woman-kind.

SPAIN IN GREAT TROUBLE.

Her Grain and Grape Crops Almost a Total Loss.

WASHINGTON, May 18.—Coming immediately upon the severe drain of resources caused by the Cuban rebellion, the Spanish people have now to face the prospect of an almost total loss of the wheat crop caused by drought and insects. United States Consul Burke at Malaga writes to the state department that a new insect pest as destructive to wheat as the phylloxera is to the grape, has ravaged the crops in several

provinces, while owing to a severe drought not only will the entire wheat crop be a total failure, but there will be a shortage of every other crop of grain.

The poor are suffering much, and unless the rain comes the wine and fruit crop will become a total loss, and great suffering and want will prevail throughout the whole country.

It is indeed a sad birthday for the young king, which is being solemnized throughout Spain.

PITH OF THE NEWS.

The British bark Mozambique arrived at quarantine, New York, with five of her crew having died with yellow fever in the tropics and one seaman having committed suicide.

It is said that another strike will be inaugurated in a few days affecting all the structural iron workers and bridge men in New York and Brooklyn.

E. H. McClun, a real estate dealer of Chicago, committed suicide because he was unable to borrow \$200.

Ex-Senator Temple Houston, son of the first president of the Texas republic, has been acquitted of the murder of John Jennings in a terrible duel in a saloon at Woodward, O. T.

At Arlington, Tenn., during a festival at a negro Baptist church, a general row broke out. Ferrell Miller and Will Thompson had their throats cut. Sarah Jarrett was severely cut about the face and arms.

Matt Adams of Denver, who was arrested in England, early in April, upon papers alleging that as Clerk of Arapahoe county, Colo., he had embezzled \$40,000, has reached New York.

CYCLONES ON A TARE.

They Smash Up Towns In
Kentucky and Kansas.

PEOPLE KILLED AT SOME POINTS.

Property Destroyed Over a Great Extent of Territory.—The Texas Cyclone Increases in Horror—At Least 100 Dead and Many Injured.

BENTON, Ky., May 18.—A terrible cyclone has passed over the northwest corner of this county, doing damage to everything in its path. At Elva it tore down the house of Anderson Jones and killed the entire family, consisting of Jones, aged 80, his wife, aged 55, his oldest child, a son 17 years old, and two girls, one 10 and the other 12. Jones was a poor man, and had only lived in that community about six months. Five coffins were sent to Elva and the entire Jones family were buried in the same grave. The scene was visited by hundreds from all the country around.

The tornado came out of Graves county via Symposia, where two stores were demolished, two churches and one schoolhouse were torn down, besides, barns, stables, fences and everything else in its path. There was considerable damage in other parts of the county. The damage done at Symposia was severe, but no lives were lost.

FRANKFORT, KAN., — A terrific cyclone has swept down upon the town of Frankfort from the southwest. Everything in the north and west ends of the town was completely wrecked. Probably three score of buildings were razed to the ground. Some of the best residences of the town were blown to atoms, reports coming in from the country, where heavy damage has been done, will materially swell the loss. Many are reported painfully injured, but so far as known no one has been killed. Many head of horses, cattle and other stock have been killed. The Methodist and Christian churches were demolished and the Presbyterian church was badly wrecked. Scores of people who are left homeless are being cared for in public halls and in the homes of the more fortunate citizens.

TOPEKA, KAN.—A funnel-shaped cyclone struck the north part of the town of Sabetha, a small place northeast of here near the Nebraska line, destroying the Grand Island Railroad depot and elevator and about 20 residences. Twenty or 25 people were wounded, several of whom will die. Twenty families were rendered homeless, losing everything they had. The cyclone passed off towards Falls City, and evidently did great damage.

A cyclone was seen to form over the town of Miltonville, Kas., and struck the ground a few miles out of town, but did not do so much damage there. It is probable this is the same cyclone that struck Sabetha.

SENECA, KAN.—One-third of the residence portion of the town was destroyed, and five persons were killed and 15 badly injured by the cyclone here. The county's magnificent new courthouse, the town's big schoolhouse and the Catholic church are among the buildings wrecked. Five hundred of the citizens of Seneca are reported to be homeless. The property loss is estimated at \$100,000. The five dead are two children of M. Everhes, two children of Mr. Connell, and a son of Mr. Assenmacher. The cyclone also swept the towns of Sabetha, Nemaha county and Frankfort, Marshall county, and the reports indicate that many other smaller settlements have suffered, but up to this hour it has been impossible to get detailed accounts of the damage.

THE TEXAS DEATH HORROR.

At Least 100 Were Killed, According to Later Developments.

SHERMAN, TEX., May 18.—The details of the cyclone in this state grow more horrible as they are made fuller. Bodies have been decapitated, limbs torn off, eyes gouged out, and lying on cheeks, fingers and toes cut off clean as with a knife, hair pulled out, great slivers of wood sticking through limbs, noses flattened in, skulls crushed, and brains scooped out.

When the first blast of the cyclone was felt at Justin, in Denton county, more than 100 miles from Sherman, men, women and children were wholly unprepared for it. Justin was the first town to feel the blast. The work of rain was quickly accomplished there. From there the cyclone swept northeast through Gerald, Denton, thence to Mingo, to Gribble Springs, and on to Mustang. A hundred miles were traveled in an hour.

The small settlement along the line of the Missouri, Kansas and Texas railroad north of Denton all suffered. Elmvie was lashed, and then the village

of Howe. The southeast end of Sherman received the full force of the storm, which, while sweeping over Denton county and a part of Grayson, seemed to have gathered in fury and to have wreaked the worst of its ruin on this city.

Hundreds were more or less injured, while at least a hundred were killed. Following is a revised list of the dead, white:

Mrs. Otto Bellinger and three children, Mrs. Burns and three children, John Ames and wife and two children, Mrs. L. H. Montgomery and three children, the children of Rev. J. D. Akers, Alexander Pierce and wife and five children, Miss Jenkins; Lige Ceron, wife and child; Mrs. George Anderson's baby, Rev. J. D. Shearer and wife, William Hamilton, farmer; Miss Billie Martin, Mrs. J. J. Johnson, wife and two children of — Davis, Mrs. Dave Herring and two children, Charles Weddel of Fairview, George Grey and son, Mrs. Wright Clark and two children, three unidentified white persons (reported.)

Dead colored: J. Walker, Nora Nicholson and three children, Lucy Ballinger, Sloan Ballinger, Katie King, Mary Lake, John Lake, Letitia Lake, Fadis Lake, Lizzie Lake, Eliza Cox, Charles Cox, Cam Patty, Jim English, two children of Wesley Patty, two children of Ben Chapin, three children of Belle Bachelor, Mrs. Ben Sodison and two children, two unidentified babies.

MAY OPPOSE ADJOURNMENT.

Silver Men Want to Wait Until After the Conventions.

WASHINGTON, May 18.—The impression is growing about the capitol that the silver men will soon take a position against final adjournment before the national conventions. The movement embraces silver advocates in both houses and of all parties.

There has been no formal agreement so far, but there has been a general exchange of views, and there is no doubt that some of the leaders hold the opinion that it will be wise to postpone adjournment until there shall be opportunity to know what positions the conventions will take on the financial question.

Our Butter Not Adulterated.

WASHINGTON, May 18.—In a communication recently received from the British board of agriculture by Acting Secretary of Agriculture Dabney a return is made of samples of imported butter analyzed under the direction of the board from May, 1895, to February, 1896, inclusive. None was adulterated from the United States.

A. P. A. VERSUS MCKINLEY.

And now the A. P. A. boycott

BUCKLEY.

Rev Dr. Buckley, the hot opponent
of the woman delegates at the Cleve-
land general conference of the Metho-
dist Episcopal church, was at one time
an earnest and fighting advocate of
the women. His given reason for
turn-coating, or going back upon the
fair sex, is that constant association
with them, as their backer and advo-
cate, convinced him that they were
really the weaker sex, physically and
mentally, and unfit to hold the reins
of government. The women who
know him best give a far different
reason for his change of heart, life
and action. They assert that he fell
desperately in love with one of the
brainiest and best known women in
the United States, a woman who now
occupies a prominent position in
society, and who can hold her own in
a debate with the smartest, keenest,
best educated, most intelligent, tal-
ented and eloquent of the so-called
lords of creation, and that she gave
him the "mitten," in a calm, cool and
tranquil manner, which cut the ego-
tistic gentleman to the quick, and
that he then and there resolved upon
vengeance, and has since been the
hot and bitter opponent of all woman-
kind.

SPAIN IN GREAT TROUBLE.

Her Grain and Grape Crops Almost a
Total Loss.

WASHINGTON, May 18.—Coming im-
mediately upon the severe drain of re-
sources caused by the Cuban rebellion,
the Spanish people have now to face
the prospect of an almost total loss of
the wheat crop caused by drought and
insects. United States Consul Burke
at Malaga writes to the state depart-
ment that a new insect pest as destruc-
tive to wheat as the phylloxera is in
grape, has ravaged the crops in several

ALFONSO XIII, KING OF SPAIN.

provinces, while owing to a severe
drought not only will the entire wheat
crop be a total failure, but there will be
a shortage of every other crop of grain.
The poor are suffering much, and
unless the rain comes the wine and
fruit crop will become a total loss, and
great suffering and want will prevail
throughout the whole country.
It is indeed a sad birthday for the
young king, which is being solemnized
throughout Spain.

PITH OF THE NEWS.

The British bark Mozambique arrived
at quarantine, New York, with five of her
crew having died with yellow fever in the
tropics and one seaman having committed
suicide.

It is said that another strike will be in-
augurated in a few days affecting all the
structural iron workers and bridge men
in New York and Brooklyn.

R. H. McClun, a real estate dealer of
Chicago, committed suicide because he
was unable to borrow \$300.

Ex-Senator Temple Houston, son of the
first president of the Texas republic, has
been acquitted of the murder of John Jen-
nings in a terrible duel in a saloon at
Woodward, O. T.

At Arlington, Tenn., during a festival
at a negro Baptist church, a general row
broke out. Ferrell Miller and Will
Thompson had their throats cut; Sarah
Jarrett was severely cut about the face
and arms.

Matt Adams of Denver, who was ar-
rested in England, early in April, upon
papers alleging that as Clerk of Arapahoe
county, Colo., he had embezzled \$40,000,
has reached New York.

CYCLONES ON A TARE.

They Smash Up Towns In
Kentucky and Kansas.

PEOPLE KILLED AT SOME POINTS.

Property Destroyed Over a Great Ex-
tent of Territory.—The Texas Cyclone
Increases In Horror—At Least 100
Dead and Many Injured.

BENTON, Ky., May 18.—A terrible cy-
clone has passed over the northwest
corner of this county, doing damage to
everything in its path. At Elva it tore
down the house of Anderson Jones and
killed the entire family, consisting of
Jones, aged 80, his wife, aged 55, his
oldest child, a son 17 years old, and two
girls, one 10 and the other 12. Jones
was a poor man, and had only lived in
that community about six months.
Five coffins were sent to Elva and the
entire Jones family were buried in the
same grave. The scene was visited by
hundreds from all the country around.

The tornado came out of Graves
county via Symsonia, where two stores
were demolished, two churches and one
schoolhouse were torn down, besides,
barns, stables, fences and everything
else in its path. There was considerable
damage in other parts of the
county. The damage done at Sym-
sonia was severe, but no lives were lost.

FRANKFORT, Ky.—A terrific cy-
clone has swept down upon the town
of Frankfort from the southwest.
Everything in the north and west ends
of the town was completely wrecked.
Probably three score of buildings were
razed to the ground. Some of the best
residences of the town were blown to
atoms, reports coming in from the coun-
try, where heavy damage has been
done, will materially swell the loss.
Many are reported painfully injured,
but so far as known no one has been
killed. Many head of horses, cattle and
other stock have been killed. The
Methodist and Christian churches were
demolished and the Presbyterian church
was badly wrecked. Scores of people
who are left homeless are being cared
for in public halls and in the homes of
the more fortunate citizens.

TOPEKA, KAN.—A funnel-shaped cy-
clone struck the north part
of the town of Sabetha, a small place
northeast of here near the Nebraska
line, destroying the Grand Island Rail-
road depot and elevator and about 20
residences. Twenty or 25 people were
wounded, several of whom will die.
Twenty families were rendered home-
less, losing everything they had. The
cyclone passed off towards Falls City,
and evidently did great damage.

A cyclone was seen to form over the
town of Miltonville, Kas., and struck
the ground a few miles out of town,
but did not do so much damage there.
It is probable this is the same cyclone
that struck Sabetha.

SENECA, KAN.—One-third of the resi-
dence portion of the town was de-
stroyed, and five persons were killed
and 15 badly injured by the cyclone
here. The county's magnificent new
courthouse, the town's big schoolhouse
and the Catholic church are among the
buildings wrecked. Five hundred of
the citizens of Seneca are reported to be
homeless. The property loss is esti-
mated at \$100,000. The five dead are two
children of M. Everhes, two children of
Mr. Connell, and a son of Mr. Asse-
macher. The cyclone also swept the
towns of Sabetha, Nemaha county and
Frankfort, Marshall county, and the
reports indicate that many other smaller
settlements have suffered, but up to
this hour it has been impossible to get
detailed accounts of the damage.

THE TEXAS DEATH HORROR.

At Least 100 Were Killed, According to
Later Developments.

SHERMAN, Tex., May 18.—The details
of the cyclone in this state grow more
horrible as they are made fuller. Bodies
have been decapitated, limbs torn off,
eyes gouged out, and lying on cheeks,
fingers and toes cut off clean as with a
knife, hair pulled out, great slivers of
wood sticking through limbs, noses
flattened in, skulls crushed, and brains
scattered.

When the first blast of the cyclone
was felt at Justin, in Denton county,
more than 100 miles from Sherman,
men, women and children were wholly
unprepared for it. Justin was the first
town to feel the blast. The work of
ruin was quickly accomplished there.
From there the cyclone swept northeast
through Gerald, Denton, thence to
Mingo, to Gribble Springs, and on to
Mustang. A hundred miles were trav-
eled in an hour.

The small settlement along the line of
the Missouri, Kansas and Texas rail-
road north of Denton all suffered. Elm-
view was lashed, and then the village

of Howe, the southeast end of Sher-
man received the full force of the
storm, which, while sweeping over
Denton county and a part of Grayson,
seemed to have gathered in fury and to
have wreaked the worst of its ruin on
this city.

Hundreds were more or less injured,
while at least a hundred were killed.
Following is a revised list of the dead,
white:

Mrs. Otto Bellinger and three child-
ren, Mrs. Burns and three children,
John Ames and wife and two children,
Mrs. L. H. Montgomery and three
children, the children of Rev. J. D.
Akers, Alexander Pierce and wife and
five children, Miss Jenkins; Lige Ceron,
wife and child; Mrs. George Ander-
son's baby, Rev. J. D. Shearer and wife,
William Hamilton, farmer; Miss
Billie Martin, Mrs. J. J. Johnson, wife
and two children of — Davis, Mrs.
Dave Herring and two children, Charles
Weddel of Fairview, George Grey and
son, Mrs. Wright Clark and two child-
ren, three unidentified white persons
(reported.)

Dead colored: J. Walker, Nora Nich-
olson and three children, Lucy Bal-
linger, Sloan Ballinger, Katie King,
Mary Lake, John Lake, Letitia
Lake, Fadis Lake, Lizzie Lake,
Eliza Cox, Charles Cox, Cam Patty,
Jim English, two children of Wesley
Patty, two children of Ben Chappas,
three children of Belle Bachelor, Mrs.
Ben Sedison and two children, two un-
identified babies.

MAY OPPOSE ADJOURNMENT.

Silver Men Want to Wait Until After
the Conventions.

WASHINGTON, May 18.—The impression
is growing about the capitol that the
silver men will soon take a position
against final adjournment before the
national conventions. The movement
embraces silver advocates in both houses
and of all parties.

There has been no formal agreement
so far, but there has been a general ex-
change of views, and there is no doubt
that some of the leaders hold the opinion
that it will be wise to postpone adjourn-
ment until there shall be opportunity to
know what positions the conventions
will take on the financial question.

Our Butter Not Adulterated.

WASHINGTON, May 18.—In a commu-
nication recently received from the
British board of agriculture by Acting
Secretary of Agriculture Dabney a re-
turn is made of samples of imported
butter analyzed under the direction of
the board from May, 1895, to February,
1896, inclusive. None was adulterated
from the United States.

OUR COAL PRODUCTION.
Statistics of the Geological Survey Given For Last Year.

WASHINGTON, May 18.—E. W. Parker, statistician of the United States geological survey, has completed the compilation of the statistics of coal production in the United States during the calendar year 1895. The total output from all mines was 171,804,742 long tons or 192,421,311 short tons, having a total value at the mines of \$197,572,477. This shows an increase over the production in 1894 of about 19,350,000 long tons or nearly 22,000,000 short tons, and an increase in value of about \$11,500,000. The output of anthracite coal in Pennsylvania increased from 46,358,144 long tons in 1894, to 51,785,122 long tons in 1895, a gain of over 5,400,000 long tons. The value increased only about \$3,500,000 from \$78,488,063 to \$82,019,272, showing that anthracite coal was cheaper in 1895 than in 1894.

The product of bituminous coal increased from 115,820,405 tons of 2,000 pounds in 1894 to 124,421,974 short tons in 1895, a gain of over 15,500,000 tons. The value increased about \$8,000,000. There was an increased production in all but five of the 29 coal producing states. Alabama and Pennsylvania showed phenomenal gains of more than 25 per cent. Alabama increasing from 4,397,178 short tons in 1894 to 5,679,775 tons in 1895, with a valuation of \$5,348,795, and Pennsylvania from 39,912,463 short tons to 50,017,446 short tons, valued at \$85,902,678. The states in which a decreased product was shown were Georgia, Kansas, North Dakota, West Virginia and Wyoming. The principal loser was Kansas. The decrease in other states were slight.

The product among the other leading coal states was: Illinois, 17,735,964, value \$14,239,157; Ohio, 13,376,137, value \$10,637,553, and West Virginia, 11,424,863, value \$7,787,120.

THE A. P. A. RETRACTED.
Charges Against Major McKinley Rejected to Be False.

WASHINGTON, May 18.—The advisory board of the American Protective association has made its report in regard to the condemnation of McKinley. The report was in these words:

"The executive committee were justified, in the face of the affidavits before them, in sending out the circulars they did. After having been investigated by the advisory board and referred to a committee of three, which has submitted its report, statements have been presented which show the charges against Major McKinley to be incorrect, and he is therefore placed on an equal footing with Allison, Reed, Quay, Morton, Cullom and Harrison."

WHEELING, May 18.—At Vivan, on the Norfolk and Western railroad, a gang of colored miners, off for a half holiday, engaged in a game of baseball. A player named Jim Carrigan tried to make a home run, but was declared out at the home plate by Umpire Charley Hunt. This so enraged Carrigan that he went home, got his shotgun and fired a load of buckshot into the umpire, inflicting wounds which will probably kill him. A new umpire was substituted and the game went on, Carrigan taking part in it.

The train which carried the imperial pair to the ancient capital of Holy Russia was especially built throughout for this journey, and is said to be the finest that ever rode on rails. All traffic ceased over the line before the departure of the train from St. Petersburg, and no other wheels than those of this train ran at the same time on the tracks between St. Petersburg and Moscow. The line between St. Petersburg and Moscow is 400 miles long in a straight line.

The 400 miles of the line were guarded by a double guard of soldiers.

The arrival of the czar and zarina at the Petrovsky palace, outside Moscow, today was timed for the anniversary of his majesty's birthday. HORRIFIED OVER A TRAGEDY.
A Jilted Lover Suspected of the Crime Near Fremont.

FREMONT, O., May 18.—The people of this vicinity are terribly agitated over a tragedy which has occurred one mile east of the village of Lindsay, and about eight miles from this city, in which one man was killed outright and two sons are in such a condition that death may result at any moment. The deed was committed about midnight, and evidently was well planned. At this hour the family of Jacob Hess were aroused by an explosion which shattered their home, but no one was injured. Mr. Hess and his two sons immediately prepared to leave the house to ascertain the cause, and they had hardly stepped out when a shot was fired and the old gentleman dropped over dead.

Another shot and Alvin, his son, fell pierced in the breast by a quantity of buckshot. Again a shot, and Ruthless, the sheriff, and the fiend then occupied, and thus far has not been captured.

Suspicion points strongly to a young farmer named Louis Billow, who has been desperately in love with the daughter of Mr. Hess, but his suit has been strenuously opposed by the father and also the brothers. Lately he has been prohibited from making calls, and this so enraged him that he has been nearly wild.

People who know the young man think that he has brooded over the love affair so much that he has become insane. The sheriff and a posse started at once to capture the man, but so far have not been able to locate him. Alvin is in a dying condition. Rutherford will recover. Billow is still at large. A posse is in pursuit.

M. E.'S HAVE DEADLOCK

Fruitless Balloting For Bishops at Cleveland.

MOTION FOR THREE MAY BREAK IT

Butz and McCabe In the Lead, But Both Are Eastern Men—One Likely to Have to Give Way For a Westerner—Ex-Governor McKinley a Visitor.

CLEVELAND, May 18.—The failure of any of the leading candidates for bishop in the M. E. general conference to receive a two-thirds vote has inspired talk to the effect that a motion will be made to change the rule so as to provide that the election shall be a majority instead of a two-thirds. It is also said that a motion will be made to select three instead of two bishops. It is not believed, however, that either of these motions will prevail. The friends of Dr. Butz, Dr. McCabe and Dr. Cranston are still confident of the success of those candidates, and much earnest electioneering has been done, and the contest is likely to prove very spirited.

The usual services occurred Sunday. Five ballots were taken Saturday for bishops, making eight in all. The only result was to narrow the contest down to practically three candidates—Dr. Butz, president of Drew Theological seminary; Dr. O. C. McCabe, the missionary secretary, and Dr. Earl Cranston, the senior agent of the book concern at Cincinnati. Dr. Butz and Dr. McCabe are now the leading candidates, and both of them might be elected but for the feeling which is growing that both bishops should not come from the east.

Ex-Governor McKinley appeared on the floor and was given a cordial reception. He lectured at night to the conference on George Washington.

THE SUIT IS NOW ON

Leatherow's \$5,000 Damage Case is in Progress.

THE STREET RAILWAY COMPANY

Are Defendants in an Action for \$10,000 Which Comes up for Trial Tomorrow. A Verdict in Favor of the Wellsville Fair Association.

LISBON, May 18.—Judge Johnson, of Youngstown, will open court in this county at noon today with the \$5,000 damage case brought by Martin Leatherow a few months ago against the city of East Liverpool. The suit is brought to recover for injuries received on the night of Nov. 18, when he fell over an unprotected culvert, which covers a ravine on Mulberry street. The ravine was eight feet deep at that point, and the culvert was without guard, rail or light. The injuries received were of a serious nature, his right arm being crushed and broken and his head badly bruised.

Tomorrow the \$10,000 damage suit brought by Maggie McDole against the East Liverpool and Wellsville Railway company will come to trial. This suit is the outcome of the accident at the Horn switch on July 8, 1895, in which Motorman James Hamilton lost his life. The accident, according to the prosecution, is attributed to carelessness in putting the car in charge of an aged, careless and excitable person, who, it is claimed, was altogether inexperienced and un-instructed.

Judge Robinson returned to his home in Ravenna Saturday afternoon, but will be on hand next Monday to hold another week's session in this county. An assignment of cases will be made for him within a few days, and next week will go over until the first week in June, when Judge Smith will take up his work.

Mrs. Rebecca Van Fossan, who resides back of Lisbon, was adjudged to be insane, and committed to the asylum at Newburg for the third time within a year or so.

The probate court appointed George A. Hill, of East Liverpool, as administrator of the estate of the late William Hill. He gave bond in the sum of \$5,000. The appraisers have not yet been appointed.

The will in the estate of Margaret A. Taylor, of Wellsville, has been admitted to probate.

The verdict in the case of the Wellsville Fair association against John S. Smith, ex-treasurer, was returned on Saturday after Judge Robinson had departed, and this afternoon on the opening of court it was given. The finding was in favor of the plaintiff, and a judgment against Smith for \$290 was given.

Card of Thanks.

We desire to return our most sincere and heartfelt thanks to the many kind friends and neighbors, and to the members of the Methodist Protestant church in general, for the generous, kindly and Christianlike conduct extended to us in our late terrible sorrow and bereavement, with the wish that God may prosper and bless one and all who thus came to our help in our hour of sore trouble.

SCARED THE BOARDERS

Drunken Man Yelled Fire Early in the Morning.

SCENE AT THE NATIONAL HOUSE

The Proprietor Has the Turbulent Boarder Arrested—A Vagrant Taken to the Works—Drabble Compromises His Trouble With Dixon.

The police received a call from the National house, foot of Broadway, yesterday morning, and Marshal Johnson, arriving at that place, took John McGough, a boarder at the hotel, in custody. He was drunk and wanted to fight every person he met, hence his arrest. McGough arose about 5 o'clock in the morning, and taking up his station in the corridor of the house, commenced to bellow "fire" in stentorian tones, waking the inmates, who hurriedly left their cots and in great alarm rushed into the hallway, only to find that they were being made the victims of a drunken whimsical man. Quiet was restored again, bursting out afresh a few hours later. Proprietor Hutcheson caused his arrest. McGough was taken to the city hall in the patrol.

The aggregation who made merry around a barrel of beer in the East End Tuesday night were each fined \$5.00 by the mayor Saturday night, and all paid up.

Thomas Ryan, the vagrant who was arrested by Constable Bertelle for begging, was sentenced to serve a term of 58 days in the Canton workhouse. Officer Jennings took him to the works this morning.

Thomas Drabble, who was arrested on a charge sworn out by James Dixon, who said that the former robbed him, has been released. The case was compromised.

Matt Hayes preferred a charge of assault and battery Saturday night against his employer, Harrison Rinehart, who, he alleges, choked and beat him. Rinehart has not yet been arrested.

There are but three inmates in the jail now, and one of them is working out his fine by cleaning up city hall.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

A Conundrum.

A well-known citizen handed us the following conundrum this morning: "Is the Diamond pump stopped for the benefit of the water works trustees, ice plant or saloons? Someone please answer. Turn off the light."

Dr. S. F. Scott, Blue Ridge, Harrison county, Mo., says: "For whooping cough, Chamberlain's Cough remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the remedy to babies, as it contains nothing injurious. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

"John, Are You Going?"

"Going where?" "Why, going to Aunt Hannah's quilting party at the Grand tomorrow night." "Of course I am; wouldn't miss it for the world. I'm thin in flesh and I'm bound to laugh and grow fat."

For the Public Good.

In another part of this paper appears an advertisement worthy the reading, as it's for the public good. It tells of a free distribution of Doan's Kidney pills, a remedy for kidney ills. Read it, and call at the W. & W. pharmacy, 206 Market, corner Fifth street, East Liverpool, O.

Don't Eat Your Supper

Before going to the Grand tomorrow night. They'll have an old fashioned feast on the stage, and you can fill up on the sympathy racket—exercise faith, and be full. Try it.

It Means You.

Everybody with a bad back, a lame, weak or aching one, should take advantage of the free distribution of Doan's Kidney Pills. Read about it in today's issue of this paper, and call at the "W. & W." Pharmacy, No. 206 Market, corner Fifth street, East Liverpool, Ohio.

Take the Children.

Take them to the Grand tomorrow night, to Aunt Hannah's quilting party. The youngsters will have lots of fun.

A lady at Tooleys, La., was very sick with bilious colic when M. C. Tisler, a prominent merchant of the town, gave her a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy. He says she was well in 40 minutes after taking the first dose. For sale by A. H. Bulger, druggist.

NEARLY A DEATH DANCE.

Stampede Among Merry-makers at a Fire in a Chicago Suburb.

CHICAGO, May 18.—Nearly half the business portion of Blue Island, a suburban town, has been destroyed by fire. Altogether 26 buildings were consumed, entailing a total loss of about \$150,000. A shifting wind was blowing almost a hurricane at the time and the fire spread rapidly. Three hundred people, who were attending a dance in Saenger Hall, had a narrow escape from death. The building caught fire while the dance was in progress, and a stampede ensued. Many persons were bruised, though none were seriously injured. The last of the escaping crowd rushed through a cloud of smoke and heard the sound of burning timbers behind them.

She's Near-Sighted

And cross-eyed. Who? Why, Desire Moretown, in Aunt Hannah's quilting party, at the Grand tomorrow night. She's a scold from away back, and can talk a hole through a blanket at 40 rods. Listen to the clatter of her tongue, hung in the centre and wagging both ways.

SCARED THE BOARDERS

Drunken Man Yelled Fire Early in the Morning.

SCENE AT THE NATIONAL HOUSE

The Proprietor Has the Turbulent Boarder Arrested—A Vagrant Taken to the Works—Drabble Compromises His Trouble With Dixon.

The police received a call from the National house, foot of Broadway, yesterday morning, and Marshal Johnson, arriving at that place, took John McGough, a boarder at the hotel, in custody. He was drunk and wanted to fight every person he met, hence his arrest. McGough arose about 5 o'clock in the morning, and taking up his station in the corridor of the house, commenced to bellow "fire" in stentorian tones, waking the inmates, who hurriedly left their cots and in great alarm rushed into the hallway, only to find that they were being made the victims of a drunken whimsical man. Quiet was restored again, bursting out afresh a few hours later. Proprietor Hutcheson caused his arrest. McGough was taken to the city hall in the patrol.

The aggregation who made merry around a barrel of beer in the East End Tuesday night were each fined \$5.00 by the mayor Saturday night, and all paid up.

Thomas Ryan, the vagrant who was arrested by Constable Bertelle for begging, was sentenced to serve a term of 58 days in the Canton workhouse. Officer Jennings took him to the works this morning.

Thomas Drabble, who was arrested on a charge sworn out by James Dixon, who said that the former robbed him, has been released. The case was compromised.

Matt Hayes preferred a charge of assault and battery Saturday night against his employer, Harrison Rinehart, who, he alleges, choked and beat him. Rinehart has not yet been arrested.

There are but three inmates in the jail now, and one of them is working out his fine by cleaning up city hall.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

A Conundrum.

A well-known citizen handed us the following conundrum this morning: "Is the Diamond pump stopped for the benefit of the water works trustees, ice plant or saloons? Someone please answer. Turn off the light."

Dr. S. F. Scott, Blue Ridge, Harrison county, Mo., says: "For whooping cough, Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the remedy to babies, as it contains nothing injurious. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

"John, Are You Going?"

"Going where?" "Why, going to Aunt Hannah's quilting party at the Grand tomorrow night." "Of course I am; wouldn't miss it for the world. I'm thin in flesh and I'm bound to laugh and grow fat."

For the Public Good.

In another part of this paper appears an advertisement worthy the reading, as it's for the public good. It tells of a free distribution of Doan's Kidney pills, a remedy for kidney ills. Read it, and call at the W. & W. pharmacy, 206 Market, corner Fifth street, East Liverpool, O.

A lady at Toolleys, La., was very sick with bilious colic when M. C. Tisler, a prominent merchant of the town, gave her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says she was well in 40 minutes after taking the first dose. For sale by A. H. Bulger, druggist.

NEARLY A DEATH DANCE.

Stampede Among Merry-makers at a Fire in a Chicago Suburb.

CHICAGO, May 18.—Nearly half the business portion of Blue Island, a suburban town, has been destroyed by fire. Altogether 26 buildings were consumed, entailing a total loss of about \$150,000. A shifting wind was blowing almost a hurricane at the time and the fire spread rapidly. Three hundred people, who were attending a dance in Saenger Hall, had a narrow escape from death. The building caught fire while the dance was in progress, and a stampede ensued. Many persons were bruised, though none were seriously injured. The last of the escaping crowd rushed through a cloud of smoke and heard the sound of burning timbers behind them.
